WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Alton, in the County of Belknap, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Alton on Tuesday, the tenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the ensuing year, and to elect a Selectman for three years, one Library Trustee for three years, one Library Trustee for one year, one Water Commissioner for three years and one Fire Ward for three years.

Article 2. To choose Delegates to the Constitutional Convention.

Article 3. To see if the Town will vote on the following article: "Shall Sweepstakes tickets be sold in this Town?"

Article 4. To see if the Town will vote to maintain its existing Municipal Court as long as its present Judge remains in office.

You are also notified to meet at the said Town Hall at seven thirty o'clock in the afternoon of the same date to act upon the following subjects:

Article 5. To see what sum of money the Town will vote to raise and appropriate to pay all necessary charges of the Town for the ensuing year.

Article 6. To see if the Town will vote to raise and appropriate a sum not to exceed \$7,000.00 for the purpose of rebuilding and resurfacing with Tarvia the Town gravel roads and Town streets, so called, and to authorize the Selectmen to borrow against the credit of the Town the said amount, on long term notes or bonds.

Article 7. To see what sum of money the Town will vote to raise and appropriate for the repairs of highways and bridges for the ensuing year in addition to that required by law.

Article 8. To see what sum of money the Town will vote to raise and appropriate for the removal of snow from the Town highways for the ensuing year.

Article 9. To see what sum of money the Town will vote to raise and appropriate for the purchase of Tarvia and application of same.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$1,155.10 provided that the State will contribute the sum of \$7,700.67 for Class V roads, so called.

Article 11. To see if the Town will vote to authorize the Selectmen to borrow monies in anticipation of taxes.

Article 12. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Public Library in addition to that required by law.

Article 13. To see what sum of money the Town will vote to raise and appropriate for the decoration of Soldiers' graves.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$632.03, which is 1/100th of 1% of the assessed valuation of the Town, to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town.

Article 15. To see if the Town will vote to raise and appropriate the sum of \$150.00 to the New England Guide for the purpose of publicizing and promoting the natural advantages and resources of the Town.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$250.00 for spraying trees along the Town highways.

Article 17. To see if the Town will vote to raise and appropriate the sum of \$550.00 for the control of the Dutch Elm disease.

Article 18. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for the support of the Huggins Hospital at Wolfeboro, New Hampshire.

Article 19. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the support of the Laconia Hospital at Laconia, New Hampshire.

Article 20. To see if the Town will vote to raise and appropriate the sum of \$4,830.00 as a salary for the bookkeeper.

Article 21. To see if the Town will vote to raise and appropriate the sum of \$2,800.00 as a salary for the person on duty as operator of the Fire and Police phones.

Article 22. To see if the Town will vote to raise and appropriate the sum of \$4,000.00 for the purchase of a new Town truck for the Highway Department and to authorize the Selectmen to borrow the above sum of money against the credit of the Town on long term notes.

Article 23. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for the purchase of land from William S. Freese to be used as a gravel bank.

Article 24. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the Claude R. Batchelder American Legion Post No. 72 Welfare Program. (By petition)

Article 25. To see if the Town will vote to raise and appropriate the sum of \$4,690.00 for band concerts and Summer and Winter activities.

Article 26. To see if the Town will vote to raise and appropriate the sum of \$200.00 for Civil Defense.

Article 27. To see if the Town will vote to raise and appropriate the sum of \$600.00 for the construction of a cement sidewalk from the corner of Church Street to the sidewalk in front of the Baptist Church.

Article 28. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for the Pine Street project of the Water Company and to authorize the Selectmen to borrow the above sum of money against the credit of the Town on long term notes.

Article 29. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 for the Bay Hill project of the Water Company and to authorize the Selectmen to borrow said amount on the credit of the Town by long term notes or bonds.

Article 30. To see if the Town will vote to adopt a building code known as The National Building Code, recommended by the National Board of Fire Underwriters, being particularly the 1955 edition—abbreviated thereof and the whole thereof save and except such portions as are hereinafter deleted, modified or amended. Provisions for establishment building regulations made under Chapter 156: 1-5 New Hampshire Revised Statutes Annotated, 1955; as amended by Chapter 205 and Chapter 215 Laws of New Hampshire 1959.

Article 31. To see if the Town will vote to adopt a mobilehome and trailer park code or regulations, said regulations being particularly those drawn and recommended by The Alton Planning Board and the Board of Selectmen, and the whole thereof save and except such portions as are hereinafter deleted, modified or amended.

Article 32. To see what action the town will take to requiring permits for the roadside signs and billboards.

Article 33. To hear the reports of agents, auditors, committees or officers here-in-before chosen and to pass any vote relating thereto.

Article 34. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-fourth day of February, 1964.

LEON T. DODGE,
ROBERT W. SEDERQUIST,
FRED M. PERKINS,
Selectmen of Alton

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention, however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience—a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.
2. Carry your rubbish to the public dump—it's safer. A neglected backyard incinerator causes many fires.
3. Never discard lighted cigarettes or matches. Make this a year round habit regardless of the safety of your surroundings.
4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Let's all join with Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

Number of fires and burned area in 1963

State: Fires—873; Area-Acres—2117

District: Fires—91; Area-Acres—185½

Town: Fires—19; Area-Acres—85

HAROLD E. PRIME,
Warden

IVAN E. SCRANTON,
District Chief

POLICE CHIEF'S REPORT FOR 1963

I wish to take this opportunity to thank Mr. Robert Jones and Mr. Downing Jones of Downing's Boat Service, Inc., Alton Bay, N. H. for their donation to the Police Department one Mobile Comco Police Radio. This radio to be used in the Police Department at the discretion of the Chief of Police.

There were 67 motor vehicle accidents reported to the Police Department in the Town of Alton for the year 1963. Following a breakdown of the general locations and the number of accidents:

ALTON WATER WORKS REPORT

1963

The following suggestions are made for repairs, replacements and improvements:

River Street area by school:

Move present hydrant from parking lot to far side of large parking lot. Extend six inch main to McKenzie's property and install hydrant at end. Replace old services and install new service for Arthur Waples' new house.

Total price	\$ 2,000.00
Replace old line from Bay Hill to Dutch's property on East Side:	

Replace old pipe and services presently filled up so the flow in summer line is only half bigness of pipe.

Total price	\$ 1,500.00
-------------	-------------

Alton Bay Campmeeting Area lines:

Install new two inch main on Beacon Street buried five feet for a year round main. Furnish service connections for cottages where necessary.

Total price	\$ 4,200.00
-------------	-------------

Oak Hill Drive Area:

Extend present service pipe on Mountain Road to provide water for Thomas Mann, Perley Osgood and others in this section.

Total price	\$ 3,500.00
-------------	-------------

Back Bay Area:

Provide new services from our existing permanent main for the houses now facing the Main Road and the Road side of Campground beach. Provide services for all Campground houses adjacent to Rte. 11 water main. Improve four inch line not running down Bay Street so that this could be left on in the winter for year round water for all houses adjacent to

this pipe and to keep existing hydrant now in Back Bay in use the year round.

Total price \$ 3,800.00

Total for all projects \$15,000.00

In 1964 the Water Department will make final payments on two notes for a combined sum of \$2,018.25 and in 1965 a final payment on another note for \$2,070.00 so this sum of fifteen thousand dollars on a ten year bond could be paid from current revenue without increasing the yearly payments of the Water Department.

If the Town takes over the Campground Water system as they have been asked to this would provide an increase of revenue from the present three hundred and fifty dollars to appr. five thousand dollars per year. This revenue is going to be needed in future years to provide year round water on both sides of the Lake as well as other extensions.

HERBERT CARD,

Sup't. of Water Department

STATEMENT OF BONDED DEBT

COMMUNITY CENTER BUILDING REPORT

In the year of 1963 the building was used extensively by 11 organizations and 18 individuals for various meetings and social functions.

The Combination storm windows were installed and are a definite improvement to the building.

This year the Community Club purchased and installed a new refrigerator in the kitchen.

CHARLES H. JONES,
Building Inspector

REPORT OF AGENT OF TOWN ROAD PROGRAM

The following was accomplished under the Town Road Program that was initiated in 1961.

1. Starting at Francis Howe's driveway on the Old Wolfeboro Road and going North 800 feet, the road was excavated one to three feet deep and widened properly to allow 18 feet of tar surface. Three cement culverts with cement and rock headers were installed for drainage, one, 40 feet long, under the road bed and two, each 20 feet long, for the driveway of Kenneth Chamberlain. Ledge hampered the excavation and several blasts were made to remove this ledge. 756 yards of gravel was emplaced to raise the road in order to insure good runoff for ditches. This section of road needs tar coverage this year.
2. As a result of considerable complaints by users, a section of the Alton Mountain Road 450 feet in length was excavated and regraded with large rocks removed. Approximately 360 yards of gravel was replaced and the road was widened to allow 24 feet of tar surface because of a corner in the excavated area. This section of road received two coats of tar and has made the heavy taxpayers in this area satisfied.
3. Because of continued complaints, two sections of the Old Route 11 between the top of Rand Hill and the

junction on New Route 11 near Loon Cove, were repaired. Excavation included 800 feet of badly heaved and broken tar. Also large rocks were removed especially at the Jones Brook area. The repaired sections were graveled to insure travel for Winter only and they need to be surfaced with at least 6 inches more of gravel and retarred.

4. The Right of Way to Doctor Dean Chamberlain's property was repaired. This involved the installation of three new culverts, excavation to the proper width to allow for future tarring and snow plowing in the Winter, in all a distance of 1945 feet. 273 yards of gravel was hauled to resurface excavation. Trees and brush were cut and the wood hauled to the abuttor of the Right of Way, Mr. Lewis Practor. There are two culverts to replace in the future.
5. Several small sections of road in various parts of the town were also repaired and charged to the Town Road Program. For instance, the Page Road at Loon Cove and a section of the Bay Hill Road at Mr. James Cook's trailer park entrance were included.

Respectfully submitted,

MERLE GASSETT,
Road Agent, Town of Alton

REPORT OF THE ALTON PLANNING BOARD

1963

The planning board has held regular meetings throughout the year, including numerous meetings with the Selectmen, Health Officer, and Building Inspector, also at State level, the New Hampshire Department of Resources and Economic Development, State Highway Department, State Board of Health and State Board of Fire Underwriters. Through these meetings the Planning Board has offered recommendations to Town Officials for their consideration. The Planning

Board, along with the Board of Selectmen and Building Inspector have included three articles in the 1964 Town Warrant for the voters consideration. The first article pertains to a new Building Code, this code is recommended for towns by the National Board of Fire Underwriters. The second pertains to Mobilehome and Trailer Parks Regulations. The purpose of these regulations is to establish minimum standards governing the construction and maintenance of same. The third article pertains to regulations for the erection of Road-side Signs and Billboards. Many citizens of Alton have requested action on other town problems, however many of these problems will have to be resolved on completion of the Planning Program that is now in progress.

Following the 1963 Town Meeting the Planning Board selected the firm of :Hans Klunder Associates of Hanover, New Hampshire to act as the Town's Planning Program Consultant. During the months of July and August this firm conducted a house to house and business survey, the final results have not been tabulated to date. The survey was undertaken in anticipation of an early approval by the Federal Agencies for our program. At the end of this year, the planning program for Alton was being reviewed for approval by the Federal Agencies. (Note: Program for Alton approved: February 1, 1964.)

During the next year many citizens of Alton will be requested to assist in various assignments pertaining to our Planning Program. The Planning Board looks forward to working with these interested citizens and organizations, in making our town a better place to live.

Respectfully submitted,

ALTON PLANNING BOARD,
RICHARD S. DOWNING,

Chairman

PARKS AND PLAYGROUNDS COMMITTEE

(Adopted March 1959)

1963 Report

The purpose of this committee is to assist the selectmen in planning and supervising the parks and playgrounds in the town of Alton. The committee's objectives are to make plans for the present and future development of the town's recreation facilities. The committee has met regularly since its establishment, and have prepared plans and specifications on all major projects. It has been the committee's policy as set forth by the town, to require bids on all major construction projects. Substantial savings have been made by following this policy and thereby allowing the committee to make further improvements. The following is a list of completed projects and recommendations of the committee:

- 1959—Constructed public bath house at Bay Beach.
Constructed retaining wall—near public swimming wharf.
- 1960—Constructed pre-stressed concrete swimming wharf.
Extended retaining wall to Victoria Pier.
- 1961—Recommended purchase of Hill's Pond and Half Moon Lake right-of-ways.
Both right-of-ways purchased by the town of Alton.
- 1962—Constructed public asphalt Boat Launching Ramp—north of Victoria Pier.
Recommended purchase of Gilman Pond and Sunset Lake right-of-way.
- 1963—Installed granite curbing and asphalt sidewalk along lake front near the Community House.
Constructed pre-stressed concrete boat docks. Main dock 8' wide by 120' long, with settees, and five boat slips 4' wide by 30' long. A pre-stressed concrete ramp connects the shore and dock. At the dock entrance, an aluminum flag pole, compass and dedication plaque

were erected. This new facility was dedicated in memory of the late Edward H. Downing in August of 1963. A Trust Fund left to the town of Alton by Mr. Downing for recreation purposes was combined with an appropriation made at the 1963 Town Meeting to construct this new facility.

Installed Aqua-Therms (electric de-icer) at Public Boat Dock to help prevent ice damage.

The committee recommends and has budgeted for the following repairs and improvements for 1964:

1. Improve parking and beach area at West Alton and Half Moon Lake.
2. Repair foundation of bandstand.
3. Improve the Levy Park Picnic Area.
4. Build additional picnic tables and settees.

No major projects have been planned for 1964.

The Parks and Playground Committee welcomes suggestions from both our summer and winter residents. Whereby the town of Alton's major business is recreation, it has been this committee's policy to make every effort to improve and take advantage of our many natural assets. By careful planning and proper use of these assets, our town will continue to grow and become one of the finest recreation areas in New England.

Respectfully submitted,

Alton Parks and Playground Committee

Harold Prime, *Chairman*

Richard S. Downing, *Clerk*

Robert E. Jones

Stanley Sanborn

Francis J. McGrath

INFORMATION BOOTH REPORT

The summer of 1963 was an extremely busy one at the Information Booth sponsored by the Alton-Alton Bay Chamber of Commerce.

Undoubtedly, the fine vacation weather was largely responsible for the increased number of people in the area.

Many of those who requested information and brochures stated they were in Alton Bay for the first time and planned to return.

The chamber works closely with the Department of Resources and Economic Development at Concord.

The activities scheduled for the summer, a report of the number of people who register at the booth and the States or Countries from which they come are sent to Concord.

The department keeps the chamber of commerce informed of the various travel shows and information centers to which brochures are mailed.

Much of the material used for distribution in the booth is supplied by the Department of Resources and Economic Development.

Last summer more than 3200 people signed the register.

GLADYS E. HOWE,
Secretary

Assistant to Superintendent

WILLIAM C. HOBBS

B. REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and the Citizens of Alton:

I respectfully submit my third annual report as your Superintendent of Schools.

STAFF

School opened in September 1963 with five changes in teaching personnel.

Mr. Edwin Chamberlain, graduate of the University of New Hampshire, was employed to teach mathematics. This was a new position.

Mrs. Norma French MacIver, graduate of the University of New Hampshire, was employed to teach English. This was a new position.

Mr. Selden Hadley, graduate of New England College, was employed to teach French, replacing Mr. Robert Hopewell who resigned to accept a position in Guidance.

Mrs. Eugenia Chamberlain, graduate of Hunter College and the University of Massachusetts, was employed to teach Grade Four replacing Mrs. Barbara Dyer.

Miss Zaida MacFadden, graduate of Keene State College, was employed to teach Grade two replacing Mrs. Brenda Morrison.

CURRICULUM

The many changes in our modern curriculum has caused school systems to make new efforts to study and improve their curriculum.

Our efforts in this area have included the development of a written philosophy which teachers can use as a guide in determining their goals and purposes. We have also developed course outlines for each grade and subject area. These have permitted teachers to recognize how well the present program is meeting the established goals or objectives and what weaknesses the program may contain.

An area receiving a great deal of attention this year has been mathematics.

The emphasis on the "new" or "modern" mathematics does not mean that all "old" mathematics is out of date. But mathematics today is no longer just a study of numbers and form. It is a study of logical systems. Old mathematical varieties are still true, but instead of being the whole of mathematics, they are now but a part. The relationship between modern math and classical math might be compared to that between arithmetic and algebra. All that is valid in arithmetic is still true in the superior context of algebra, but the generalizations of algebra sweep well beyond the capabilities of arithmetic.

The main difference in teaching new mathematics compared to teaching the old is simply this: The old emphasized how. The new emphasizes why. In light of the changes around us, a knowledge of the whys of a subject has more potential for handling tomorrow's unknowns.

It is our intention to continue planning workshops and similar programs so that your children may benefit as our teachers grow toward personifying the ideal: That a true education is a lifelong process; that no one ever "gets" an education once and for all. "Properly understood, education is a "getting" process—a continuing development of one's capacity for wisdom, understanding and knowledge. It would be especially tragic to see teachers stop learning. When they do, they lose their best method; the example of their own life."

TEACHER CONSULTANT

Every school system must always be alert to changing times and changing conditions in education. Curriculum study and improvements are a constant responsibility if we are to provide quality instruction to all our pupils.

It is hoped that the districts will support this premise by electing to provide a Teacher Consultant to the Supervisory Union as is requested in the School Warrant. This person would have a major responsibility to the Elementary Schools in the Union and would be a person with specific training and experience which will enable her, or him, to give helpful advice, counsel, and assistance to teachers, pupils and parents of a school system as a constructive means of improving the educational growth and development of children, solving

pupil problems of retardation and maladjustment, adapting the program of studies to meet the needs of the children and the community, bringing resources outside of the school to classroom teachers, pupils and parents.

This request is made by the Supervisory Union School Board as a substitution to the State Board of Education's decision to tender the Union an Assistant Superintendent of Schools.

This will be explained further at the Annual Meeting.

BUILDING

This year most attention has been devoted to the new high school building being constructed for the children of Alton. The new school, with its modern facilities and equipment should insure adequate housing to the children of Alton for many years to come. The new building will contain twelve rooms including special areas for science, home-making, art, library, music, cafeteria, and shop.

The new building will complement the present modern structure and will provide Alton with a grade 1-12 school plant on a single site.

It is expected that the building will be ready for occupancy in September 1964.

The effect on the school budget will be felt hardest this first year due to the loss of New Durham tuition. The school board's budget shows a net increase of \$51,707.70 over the current year. This increase can be attributed entirely to building amortization and tuition loss. The operating budget has been trimmed to the point that further reductions can only water down the program or effect the standards of the school.

In closing I again solicit the support of parents, businessmen and citizens to insure an adequate program for the youth of Alton.

I wish to also express my appreciation to the Alton School Board, the Building Committee, all school personnel, and the citizens of Alton for their cooperation and support of our schools.

Respectfully submitted,

HOWARD F. KELLEY,
Superintendent of Schools

IV. REPORTS

A. REPORT OF THE HIGH SCHOOL PRINCIPAL

During the 1963-64 School Year, the Alton School course of studies for Grades 1-12 underwent a number of adjustments aimed at teaching to the individual needs of our pupils. These adjustment changes were initiated mainly by guidance from the State Department of Education, the emphasis of modern culture, Supervisory Union No. 49 Study Committees and analysis of local needs by our local teachers.

In Grades one through six, an extra Basic Reader (Ginn) was added to supplement our Scott Foresmen Reader. This enables a teacher to review material at a certain reading level without using the same stories; it is also an excellent source of material for enrichment as well as advanced reading assignments. The plans for 1964-65 School Year are to add a third set (the American Book Company Basic Reader) to further promote opportunity for adhering to the above mentioned objectives.

Individual classroom libraries are being realized. For the last three years, we have concentrated upon adding books to the individual rooms of grades one through six. Each class also utilizes the Town Library by a monthly visit. As for Grades seven through twelve, the Library is centralized. Many hundred of dollars worth of books have been added last year and this year, with a view to the new school library that is to be in operation for the 1964-65 school year. The emphasis of the High School Library has been on non-fictional, technical books; the Town Library is a good source of fiction. Mrs. Bruce Coburn has been assigned two periods each day in the school library; she is installing the Dewey Decimal Classification System.

The High School English Textbooks were changed in most cases, from Tresslers' to Warriners'; Tresslers' are used by some groups for review and remedial work; Warriners' are a recent publication; they are complete for reading, literature, grammar, writing and speaking. In the past, Mr. Lawrence Bucher had the total of all High School English classes but,

this year, three teachers are instructing in Grades nine through twelve: Mrs. Donald MacIver, Mrs. Bruce Coburn and Mr. Lawrence Bucher. Mrs. Bruce Coburn is teaching a course in Remedial Reading and has supervision of the Library, Mrs. Donald MacIver and Mr. Lawrence Bucher share the regular English groups for Grades nine through twelve. The English classes also are divided into two tracts: college and non-college. Added to the English subjects was Creative Writing.

In mathematics, modern math texts (Scott Foresmen) were added to Grades three and four. This is the third year of adding this modern math. Next year we plan to complete the program of having all grades one through six using modern math. Grades seven through twelve have been using modern math texts for a year but, this year, we did incorporate ungraded math for grades seven through twelve. Our math courses are as follows:

Grades seven and eight B	Group for General & Remedial Math
Grades seven and eight A	Group for Modern Math
Grades eight through ten	Group for pre-Algebra students
Grades eight through twelve	Group for Algebra I
Grades ten through twelve	Group for Algebra II
Grades nine through twelve	Group for Geometry
Grades eleven and twelve	Group for Advanced Math

We have been adding modern math texts in the lower grades gradually, rather than abruptly.

In French, Mr. Seldon Hadley, our High School foreign language teacher taught only in his field but his grades included Grades four through twelve, rather than nine through twelve. Over one hundred and twenty five students pursued French under his tutelage.

Music Appreciation and Art were also added as new offerings; this was to add to our Fine Arts courses as suggested by the minimum standards.

In conclusion, we have added new courses, new text books; we have analyzed our way of teaching and have changed to meet the needs of our pupils; we have added two full-time teachers to our staff. Test results indicate that our pupils are progressing satisfactorily.

Respectfully submitted,

MATTHEW J. FLAHERTY

School Nurse-Teacher

HOWARD F. KELLEY,

Superintendent of Schools

V. WARRANT

TENTATIVE SCHOOL DISTRICT WARRANT

To the Inhabitants of the School district in the town of Alton, qualified to vote in district affairs:

You are hereby notified to meet at the Memorial School Auditorium in said district on the 14th day of March 1964, at two o'clock in the after noon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and

the appropriation, which balance is to be raised by taxes by the town.

9. To see if the District will vote to establish the position of Teacher Consultant as provided in RSA 186:11, XXIV as amended by Chapter 196:3 Laws of 1961.

10. To see if the District will vote to authorize the School Board to use any monies accrued as interest and/or premium from School District Bonds for the purpose of purchasing equipment for the high school.

11. To see if the District will vote to authorize the School Board to return to the Building Fund any funds forthcoming from matching funds for equipment spent from the Building Fund, under Title III of the National Defense Education Act.

12. To transact any other business which may legally come before said meeting.

JUDSON DOWNING, Chairman,

STANLEY SANBORN,

GLADYS E. HOWE,

School Board
